## PADMANABHASWAMY TEMPLE

- The Padmanabhaswamy Temple is a renowned Hindu temple located in Thiruvananthapuram, the capital city of Kerala, India. It is dedicated to Lord Vishnu, specifically in his reclining form known as Anantha Shayana. The temple is considered one of the 108 Divya Desams, sacred sites revered by the Alvars, Tamil poet-saints.
- Constructed in the Dravidian style of architecture, the temple features intricate carvings, towering gopurams (gatehouse towers), and sprawling corridors. Its inner sanctum houses the principal deity, Lord Padmanabhaswamy, reclining on the serpent Anantha, symbolizing cosmic balance.
- The temple holds great religious and cultural significance and is a focal point of Hindu worship in Kerala. It hosts various festivals and rituals throughout the year, attracting devotees from all over India.
- In recent years, the temple gained global attention due to the discovery of hidden vaults within its premises containing immense wealth, including gold, jewels, and ancient artifacts. This discovery made the temple one of the wealthiest religious institutions in the world, sparking debates and discussions about its management and preservation.

## VELI VILLAGE

- Veli Village in Trivandrum is not just about its natural beauty; it also offers various attractions like a floating bridge, children's park, and an

adventure park. Visitors can enjoy pedal boating, kayaking, and even indulge in some delicious local cuisine at the eateries nearby. It's a great place to unwind and spend quality time with friends and family amidst nature's tranquility.

## KOVALAM BEACH

- Kovalam Beach is a famous beach destination near Trivandrum, known for its golden sands and clear waters. It's divided into three crescent-shaped beaches: Lighthouse Beach, Hawa Beach, and Samudra Beach. Kovalam offers various water sports activities like swimming, surfing, and parasailing, along with Ayurvedic massages and yoga retreats. It's a popular tourist spot in Kerala, attracting visitors from around the world for its natural beauty and relaxing atmosphere.

## ALLEPPEY

- The Alleppey Houseboat Cruise is a quintessential Kerala experience, offering a unique and tranquil journey through the picturesque backwaters of Alleppey, also known as Alappuzha. These traditional Kettuvallams, converted into floating accommodations, provide a cozy and comfortable setting for guests to unwind and soak in the natural beauty of the surroundings. Whether it's a leisurely day cruise or an overnight stay under the starlit sky, the experience is enhanced by delicious Kerala cuisine, warm hospitality from the onboard crew, and the enchanting sights of sunset and sunrise painting the sky in vibrant hues. The Alleppey Houseboat Cruise offers a perfect blend of relaxation, adventure, and cultural immersion, making it a cherished memory for travelers exploring the beauty of Kerala.
- The houseboat cruises typically navigate through the interconnected network of canals, lakes, and lagoons, providing passengers with breathtaking views of the lush greenery, paddy fields, and local life along the banks. One of the highlights of the Alleppey Houseboat Cruise is witnessing the stunning sunset and sunrise views over the backwaters, which paint the sky with vibrant hues.

## PERIYAR LAKE & PERIYAR TIGER RESERVE

Periyar Lake holds significant importance for several reasons:

1. **Water Resource Management:** As an artificial lake formed by the Mullaperiyar Dam across the Periyar River, it serves as a crucial water resource for irrigation, drinking water supply, and hydroelectric power generation for the surrounding regions of Kerala and Tamil Nadu.
2. **Biodiversity Conservation:** The lake is located within the Periyar Tiger Reserve, one of the largest and oldest wildlife sanctuaries in India. It plays a vital role in maintaining the biodiversity of the region by providing water and habitat for a diverse range of flora and fauna, including endangered species like tigers, elephants, and Nilgiri langurs.
3. **Tourism and Recreation:** Periyar Lake attracts tourists from around the world, offering boat cruises and guided tours that provide

opportunities for wildlife viewing and nature appreciation. Tourism revenue generated from activities around the lake contributes to local economies and supports conservation efforts in the region.

4. **Research and Education:** The lake and its surrounding ecosystem serve as a valuable site for scientific research and environmental education. Researchers study the ecology, behavior, and conservation of various species within the Periyar Tiger Reserve, contributing to our understanding of biodiversity and ecosystem dynamics.

Overall, Periyar Lake's importance extends beyond its scenic beauty, encompassing ecological, economic, cultural, and recreational aspects that make it a vital asset for both humans and wildlife in the Western Ghats of Kerala.

The Periyar Tiger Reserve, located in the state of Kerala, India, spans over 900 square kilometers and is one of the oldest and most well-managed tiger reserves in the country. It's known for its dense forests, picturesque landscapes, and diverse wildlife, including the Bengal tiger, Indian elephant, Indian bison, and several species of deer. The reserve is also famous for Periyar Lake, where visitors can enjoy boat safaris to observe wildlife in their natural habitat. Additionally, the reserve offers various eco-tourism activities, trekking opportunities, and cultural experiences, making it a popular destination for both nature lovers and adventure seekers.

## ERAVIKULAM NATIONAL PARK

Eravikulam National Park, located in the Idukki district of Kerala, is a renowned wildlife sanctuary and biodiversity hotspot. Here's more about it:

- **Location:** Situated in the Western Ghats, Eravikulam National Park spans over an area of about 97 square kilometers. It is situated near Munnar, a popular hill station in Kerala.
- **Biodiversity:** The park is home to a diverse range of flora and fauna, including several endemic and endangered species. One of the park's highlights is the Nilgiri tahr, a rare mountain goat found only in the Western Ghats. Other wildlife species include elephants, gaur, leopards, sambar deer, and various bird species.
- **Neelakurinji Bloom:** Eravikulam National Park is famous for the blooming of the Neelakurinji flowers, which occurs once every twelve years. The mass flowering event attracts tourists from around the world to witness the hillsides covered in a vibrant blue carpet.
- **Visitor Experience:** The park offers guided nature walks and trekking trails, allowing visitors to explore its diverse landscapes and spot wildlife in their natural habitat. The Rajamalai Hills within the park are a popular trekking destination, offering panoramic views of the surrounding valleys and tea plantations.
- **Conservation:** Eravikulam National Park is dedicated to the conservation of its unique biodiversity. Efforts are made to protect the habitat of the Nilgiri tahr and other species, as well as to promote sustainable tourism practices in the region.

Overall, Eravikulam National Park offers a unique opportunity to experience the natural beauty and wildlife of the Western Ghats, making it a must-visit destination for nature lovers and wildlife enthusiasts in Kerala.

## CONCLUSION AND LEARNINGS

The study tour was a memorable and enriching experience for all of us. We learned a lot about the diversity and unity of India, the history and culture of different regions, the ecology and biodiversity of different ecosystems, the development and governance of different states, and the challenges and opportunities of different sectors. We also developed our skills and competencies in team work, time management, crisis management and adaptability. We also made some lifelong friends and memories.

Some of the key learnings from the tour are:

- India is a land of contrasts and contradictions, where the ancient and the modern, the rural and the urban, the rich and the poor, the traditional and the contemporary coexist and interact.
- India has a rich and glorious history and culture, which is reflected in its monuments, temples, forts, palaces, museums, art, literature, music, dance, festivals, cuisine and customs.
- India has a diverse and rich ecology and biodiversity, which is manifested in its forests, mountains, rivers, lakes, deserts, islands, coasts, wetlands, grasslands and wildlife.

The study tour was a valuable and enjoyable part of our cadre training programme. We are grateful and thankful to the MCR HRDIT, the Course Director, the Study Tour Committee, and Officials for making this tour possible and successful. We are also thankful to our fellow participants for making this tour fun and friendly. We hope to apply and share our learnings and experiences from this tour in our future work and life. We also hope to visit these places again and explore more of our incredible India. Jai Hind!
