## **AN IDEA TO HELP NEEDY STUDENTS**

- **People's Nest by People's Progress Trust is the brain child of Sri Dayakar Reddy Garu to educate meritorious students of the economically weaker sections of society from all Telangana Districts.**

- **Mr. Dayakar Reddy's vision is to increase this strength to 30,000 students covering each and every village of Telangana State.**
- **For this purpose, he is planning to establish a huge campus near Zaheerabad.**

**■ The students are selected annually by Veteran Educationist Dr. Chukka Ramaiah Garu from all the Govt. schools in the State of Telangana.**

## **CRITERIA FOR SELECTION**

**In addition to the merit, poverty of the family is the main criteria. Orphans and semi-orphans are given preference.**

**Representatives of the Peoples Progress Trust visit the houses of the selected students to personally verify the economic condition of the family.**

# **SELF-HELP – CORE PHILOSOPHY**

- **The grand bold idea right at the start was to develop the personality of the students by enabling them to take care of themselves without any external assistance in the Hostel.**
- **We made it clear to the students and their parents that what the students will be doing is self-help and not serving others.**

# **HOSTEL SELF MANAGED BY STUDENTS**

- **In this pictorial PPT you will see how students undertake all daily chores with smiles on their faces.**
- **The outstanding benefit students get through this activity is self-discipline and self-confidence.**
- **Managing 635 students by student teams themselves is an excellent training in Leadership more vital than pure academic scores.**

- **Describing a typical day at People's Nest, Nagaraj S, a student of Class 9, says: "I begin my day at 4.30 AM with jogging and physical exercise. Then, I prepare and eat breakfast, serve the hostellers and attend classes from 8.30 AM-5.30 PM. Following this, I relax, and as soon as the clock hits 7, I return to the kitchen and cut vegetables for dinner. My day ends after I have cleaned the kitchen." (TBI Story)**

- **“All the students here are very passionate about studies. Because they understand its importance, they are enthusiastic about doing their chores as well. There is a certain level of patience, understanding, independence and reliability I see in every child that becomes a part of us,” says Surya Prakash, one of the core trust members. (TBI Story)**
