Corporation and transported to Mills**

STEP-1

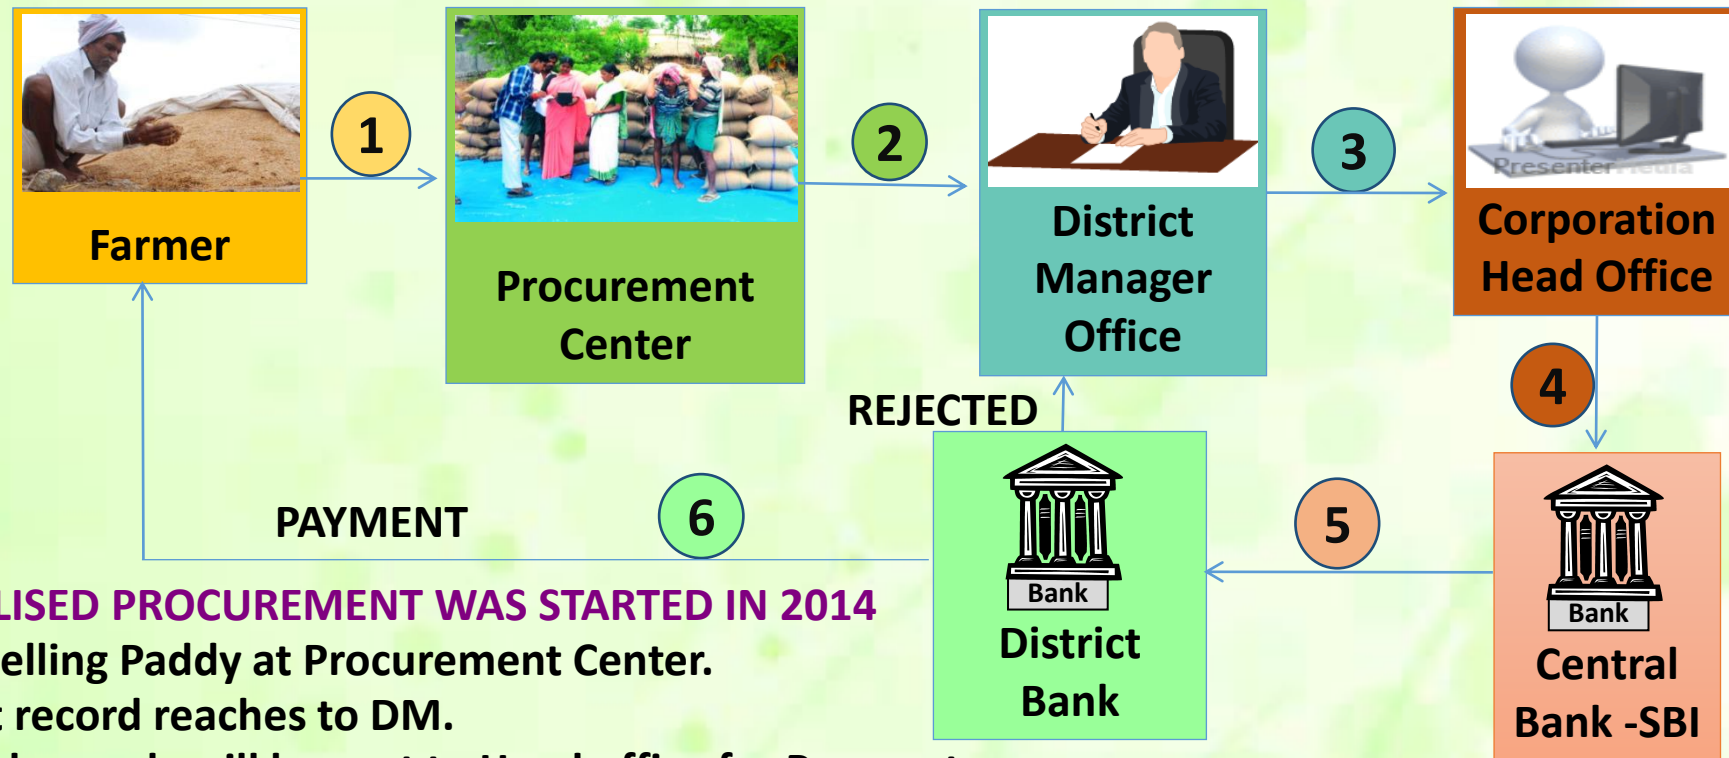

Minimum Support Price Ensured To Farmers

PROCUREMENT

PROCESS FLOW

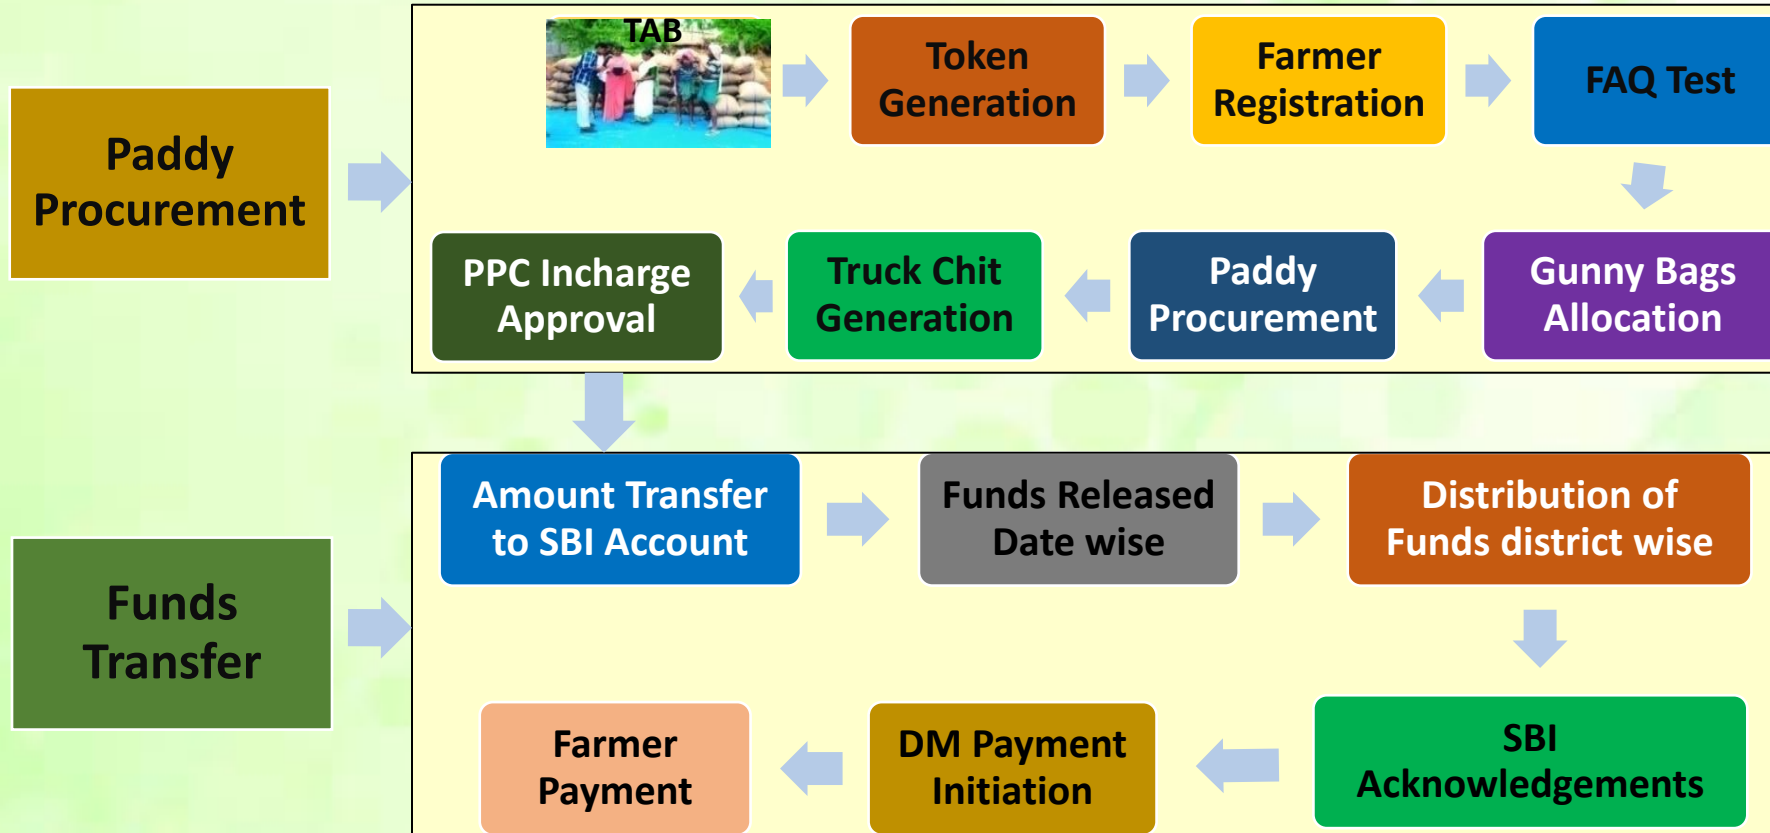

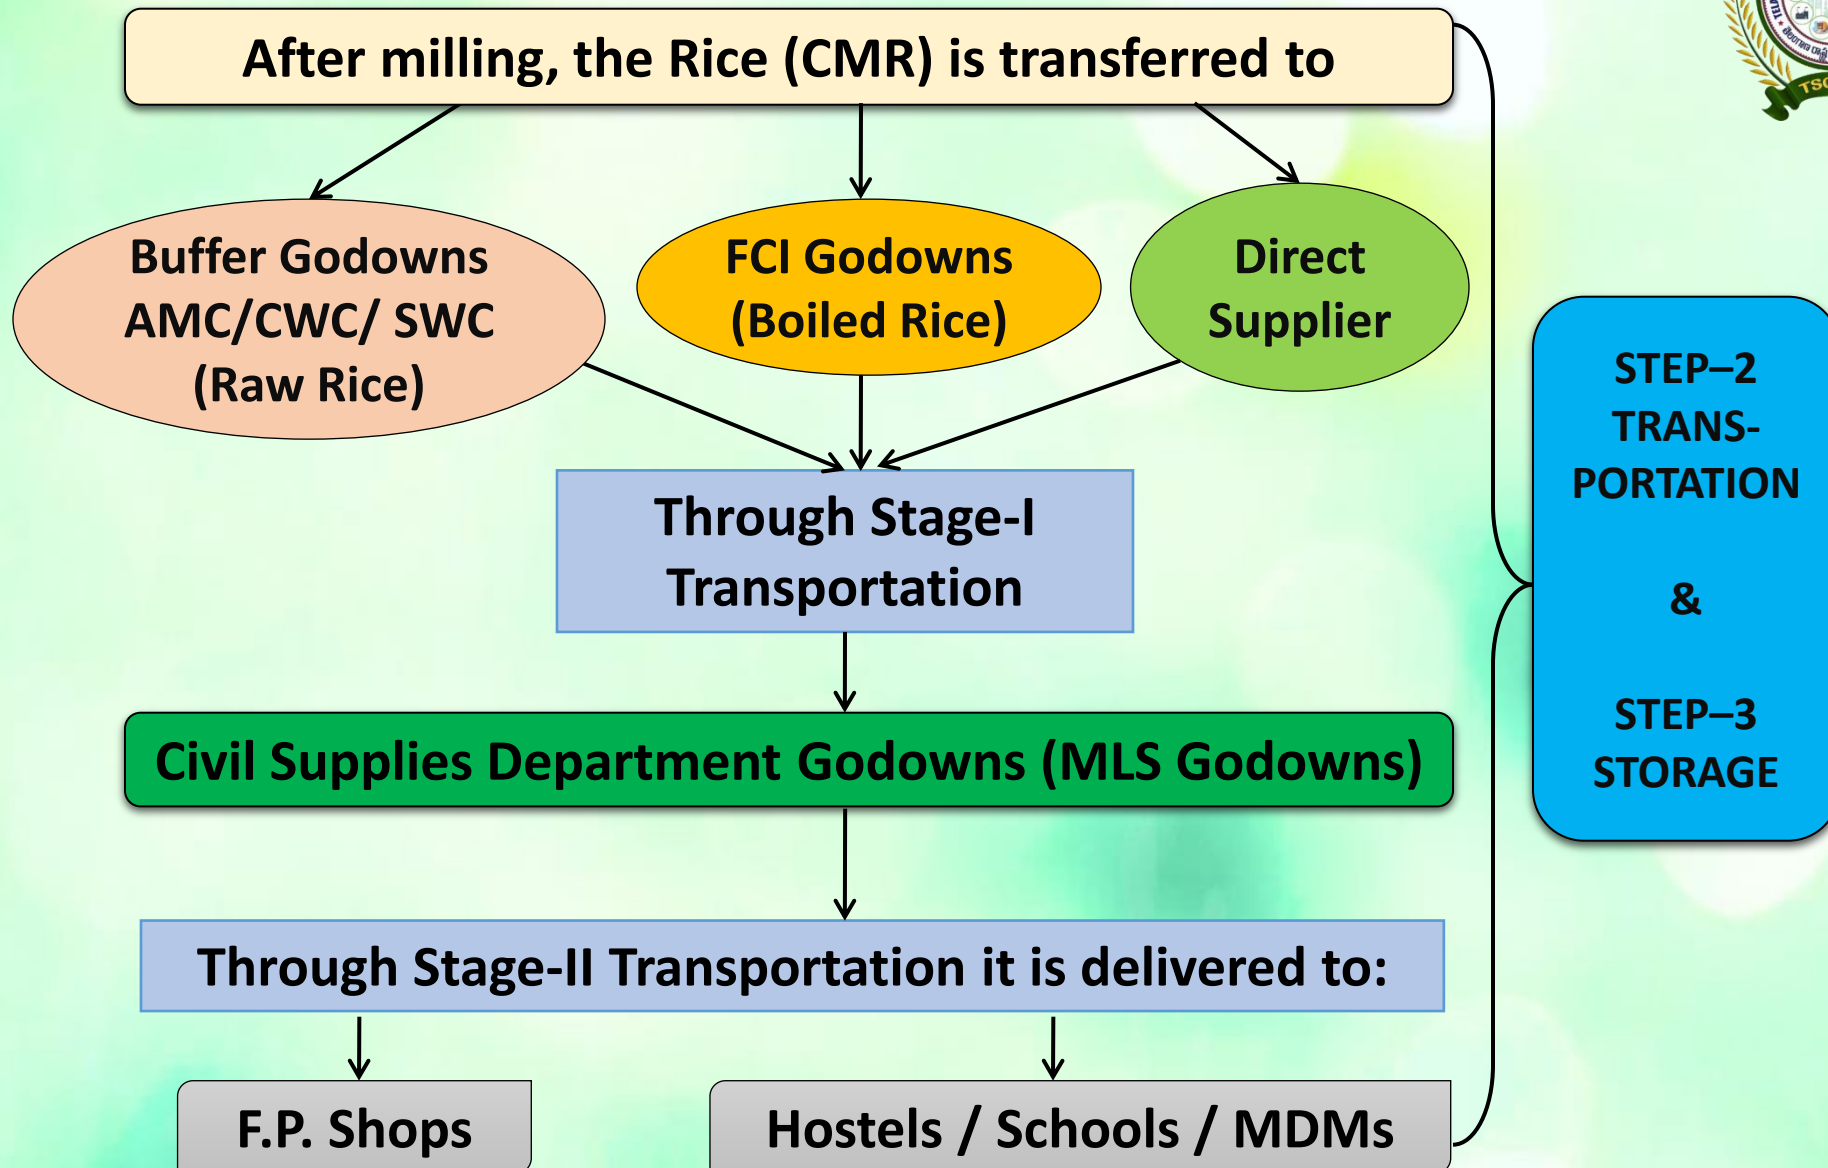

DECENTRALISED PROCUREMENT WAS STARTED IN 2014

- 1) Farmer Selling Paddy at Procurement Center.
- 2) Payment record reaches to DM.
- 3) Approved records will be sent to Head office for Payments.
- 4) Transfer of Payments from Head Office Central Bank (SBI) and to District banks.
- 5) Successful Payments will be deposited to Farmers Account.
- Rejected will be sent back to DM.

Online Procurement Management System

STEP-2: Transport From Buffer Godowns to State Godowns to F.P. Shops

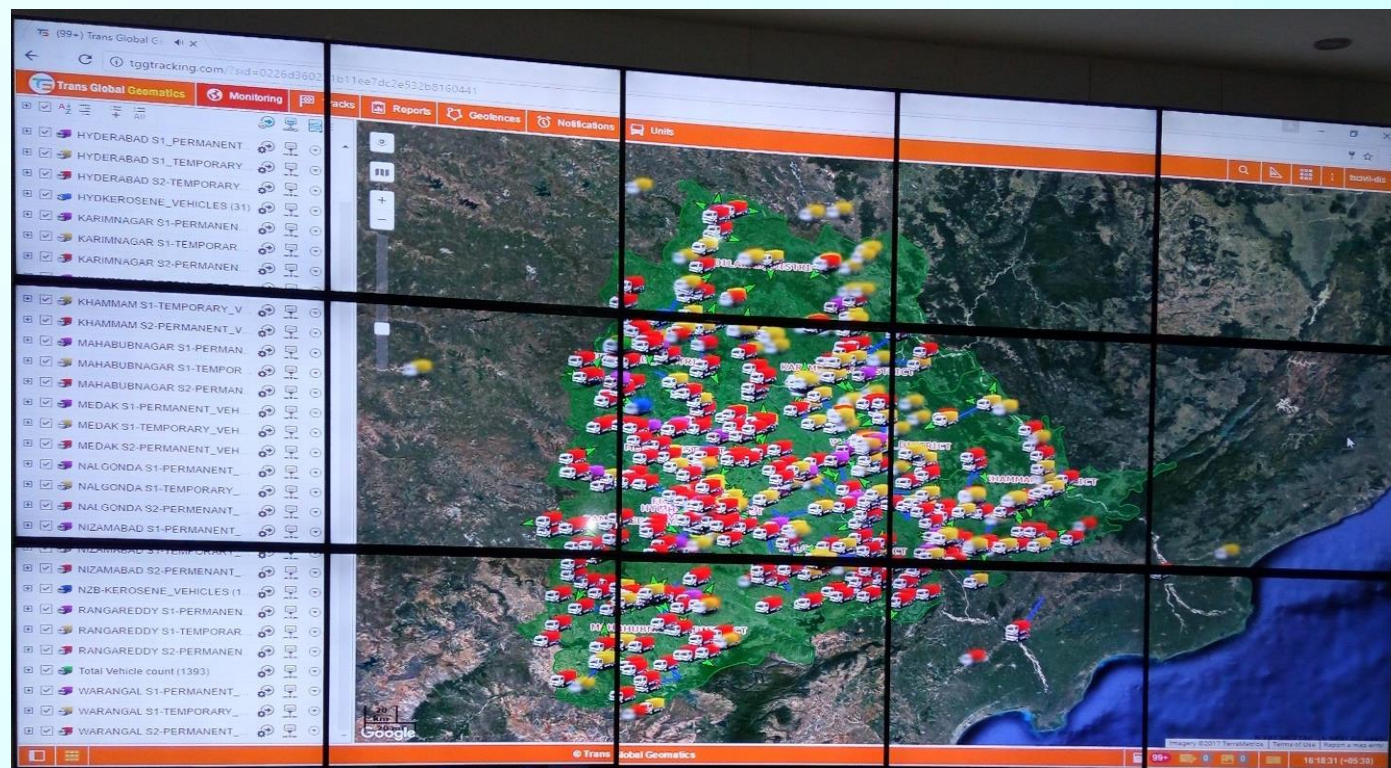

- Earlier :
 - Diversions from godowns.
 - Lorries carrying Essential Commodities going to Other states, Kakinada port, etc.,
- Now :
 - Command and Control Centre at Civil Supplies Bhavan.

Geo-fencing & Geo-tagging

- 1383 Vehicles viz., 855 vehicles of stage-I [in **PURPLE** (Permanent) and **YELLOW** (temporary)] & 482 vehicles of stage II (in **RED**) are provided with GPS facility and magnetic devices. 46 Kerosene tankers(in **BLUE**) are covered by GPS tracking.

- The Stage-I vehicles transport the stocks of essential commodities from the CWC/SWC buffer godowns to the MLS Points (Corporation Godowns).
- The Stage-II vehicles transport the stocks from MLS points to Fair Price Shops.
- Pre-determined routes are setup for movement of vehicles in the authorized routes for their destinations.
- 18,000 routes have been Geofenced.
- If the vehicles divert from their authorized routes, an indication is received to the System Integrator by way of a notification basing on which an alert i.e. SMS or Mail is given to the Managers of Civil Supplies Corporation in the Districts for (1) route diversion, (2) stopped for a longer time, (3) outside the district, basing on which the Managers take action.
- At the state level, the System Integrator monitors the vehicles in the Command and Control Centre. For such diversions en route throughout the state, reports are generated and sent to the VC & MD Civil Supplies Corporation for further action.

STEP-3: CCTVS AT STATE GODOWNS

- The MLS points are linked to the Command and Control Centre in the District Head Quarters and at the State Head Quarter for supervision of the vehicles.
- Each district has its own Mini Command and Control Centre to watch GPS fixed vehicles and CCTVs.

FUNCTIONS:

- Live telecast of corporation (MLS) godown activity
- Recharging and UPS backup in the MLS godowns.
- 30 days Recording backup of CCTV footage
- If unknown person or vehicle enters, the same can be visualized and recorded.

STEP-4: RATION SHOPS AND PDS

- 87.98 lakh ration cards.
- 2.67 crore beneficiaries.
- Each gets 6 Kg of rice @ Rs.1 @ Kg.
- Earlier:

Ration dealers never declared even 1 Kg closing balance out of the 1,50,000 tonnes Rice distributed every month, despite several bogus cards.

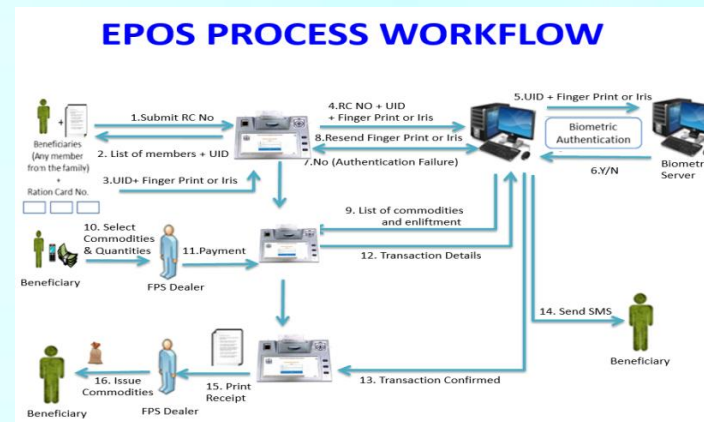

REFORMS

- 100% seeding of 2.67 crore beneficiaries with Aadhaar in Telangana (only State).
- ePoS installed in 17,029 F.P. Shops.

EPOS helps

- In removing the irregularities in the PDS and consequent diversions.
- In ensuring that the benefits reach the correct / rightful card holder, in full.
- In monitoring the accurate stock position in FPSs at any given time.
- In declaring the unsold commodities balance at the end of the month.

EPOS WORKFLOW

1. Ration Card Number

2. Member list + UIDAI Aadhaar Authentication

3. RC No + UIDAI + Finger Print or Iris

4. Commodities & Quantities weighing

6. SMS to beneficiary

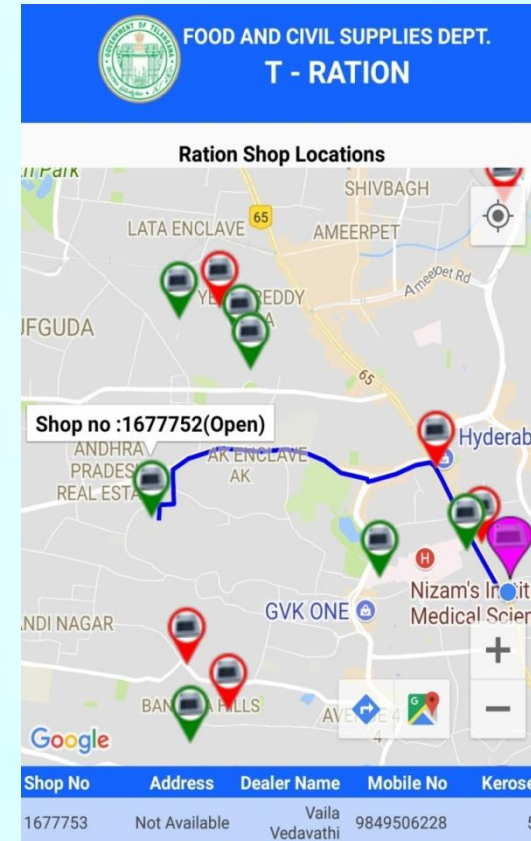

5. Receipt and issue commodities

Portability And T-Ration App

Shop No	Address	Dealer Name	Mobile No	Kerosene
1677753	Not Available	Vailla Vedavathi	9849506228	52

T-RATION App

- For use of the Public and Department.
- 7 Citizen (G2C) services and 11 Government (G2G) services.
- Feature of **‘Ration Shop Location’** revolutionizes the way public can draw their ration.
- **‘Portability’** or **‘Anywhere Ration’**.

WHATSAPP GROUPS

- 1) WhatsApp Control Room in Head Office with No.**7330774444**.
- 2) Anyone can interact with the officials of the department and vice versa for sending messages, images, audio-video clippings on anything including complaints.
- 3) 15 Groups of WhatsApp for officers were formed which played a vital role in ensuring timely action, coordination and solutions to problems throughout the State.
- 4) 15 groups have bridged all these gaps and broken all the walls, leading to quick decision making.
