

USER'S EXPERIENCE AND EXPECTATIONS FROM MES

14 Feb 20 ,Dr. MCRHRDI, Hyderabad

Wg Cdr (Dr) A K Srinivas (Retd)
e Governance professional
World Bank Group Consultant
Director- AIPER

Indian Air Force

- All the infrastructure work is generally dealt in the Air Force by MES
- Appropriate authorities at various formations
- MES organization functions under the E-In-C branch
- Most of the operational units/ formations enjoy the working atmosphere
- We all know how a work is initiated in units/ formations
- We generally refer to the following manuals
 - *Scales of accommodation; DWP; SSR; ED Rates; Scales of Furniture; barrack synopsis; TI's; MES Regulations; Scales for Hospitals; E-in-C instructions*

Healthy Interactions

- Password - Security
- Newly married
- AF Mindset different from sister services
- Voltage issue- Bombs storage
- Morning briefing- Arrester Barrier- posting from army
- Requirements are far different

Expectations

- AF has different types of Equipment and their needs are different
- Highly skilled force
- Planned Vs maintenance works
- Usage of Information Technology
- Timely support in terms of BOO etc
- More proactive involvement from AGE's

Thank You
