**Rainy season: July to October**

**Crop season: July to December**

**Bidi rolling : January to March**

**MGNREGS: March to June**

**Powerloom: January to October**

# RANKING: REASONS OF POVERTY

LACK OF  
EDUCATION

POOR HEALTH

LANDLESSNESS

FAMILY SIZE

UNEMPLOYMENT

LIQUOR

Lack of Education > Landlessness > Unemployment > Liquor  
Drinking Problem > Size of the Family > Health Expenditure

# HEALTH

- No PHC or subcentre in the village- Area hospital nearby
- 4 ASHAs & 2 ANMs

## Issues:

- Anaemic women
- Malnourished Children
- Performance based incentives not sufficient for ASHAs
- Occupational diseases (Weavers)

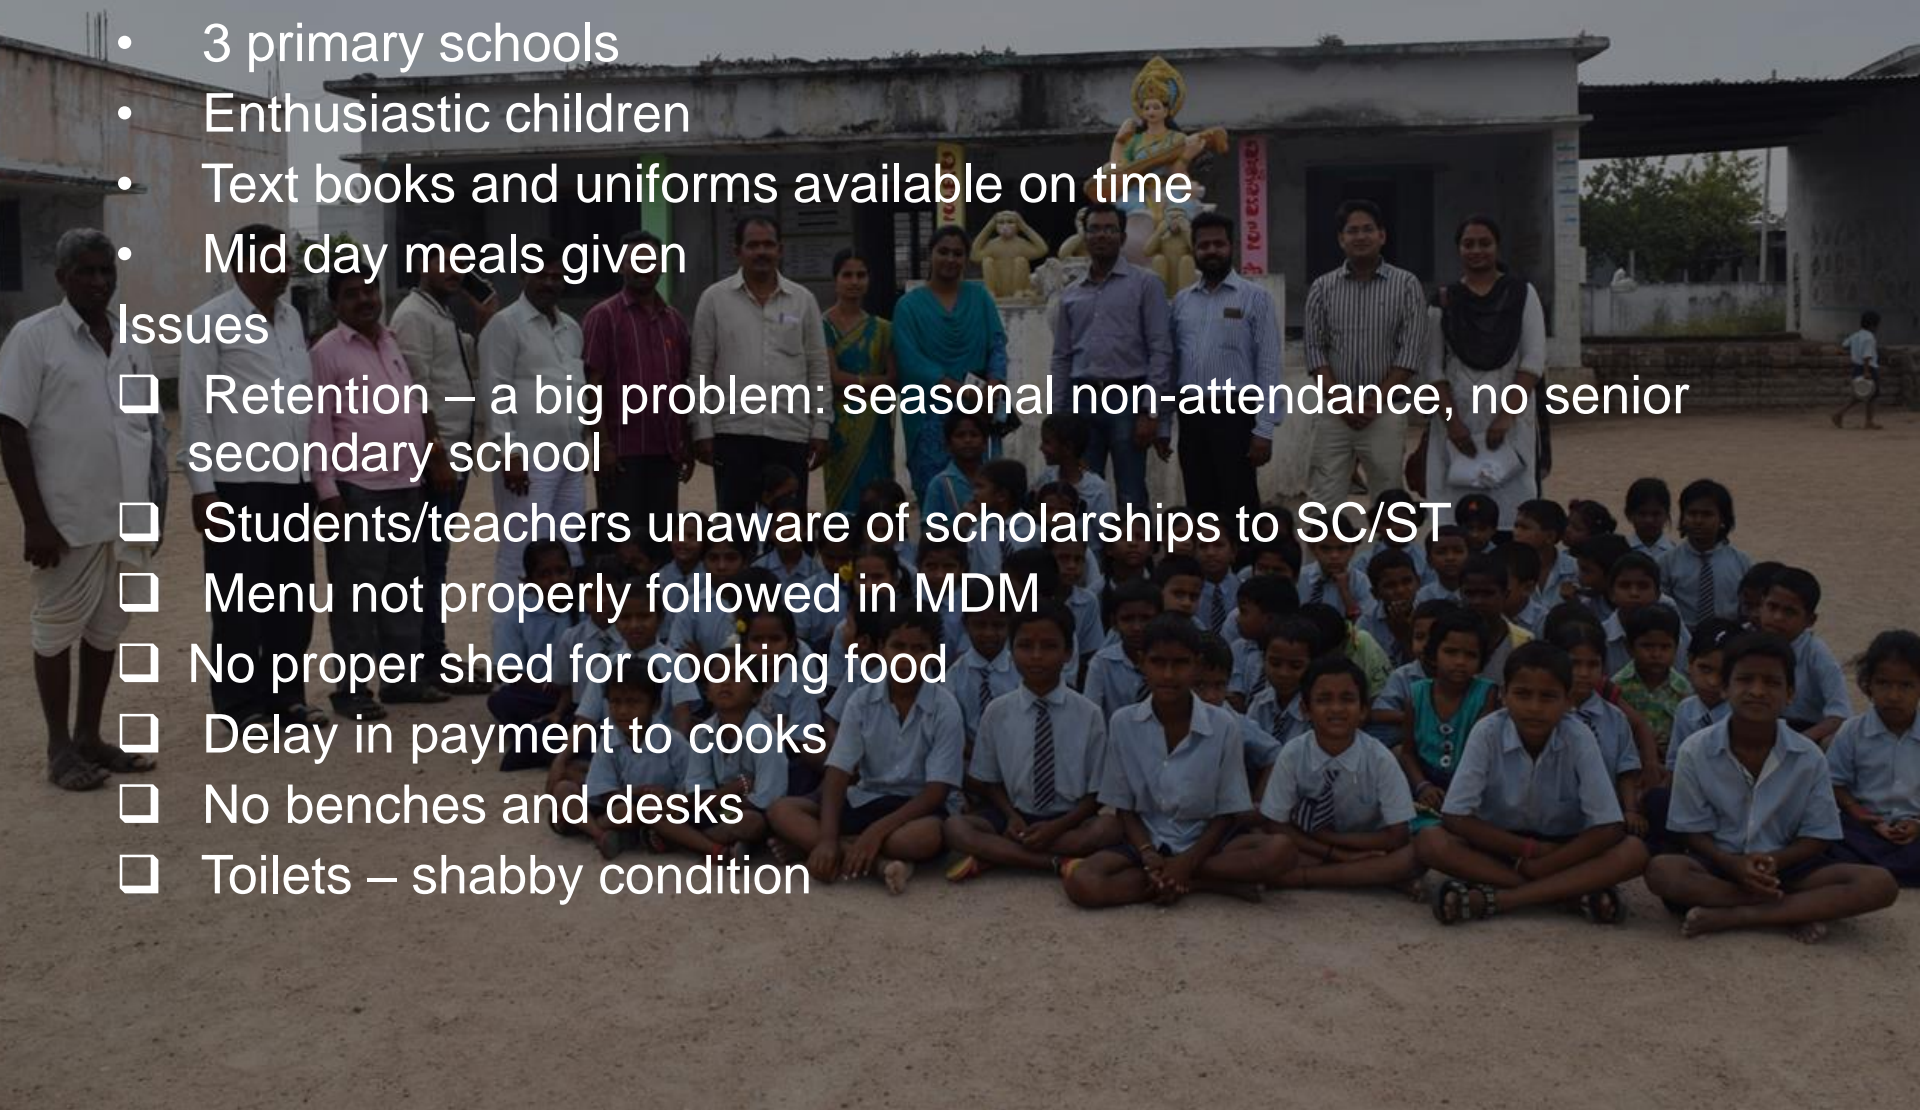

# EDUCATION

- 3 primary schools
- Enthusiastic children
- Text books and uniforms available on time
- Mid day meals given

## Issues

- Retention – a big problem: seasonal non-attendance, no senior secondary school
- Students/teachers unaware of scholarships to SC/ST
- Menu not properly followed in MDM
- No proper shed for cooking food
- Delay in payment to cooks
- No benches and desks
- Toilets – shabby condition

# ANGANWADIS

Focus : 0-5 year old children, Pregnant & lactating mothers, Adolescent girls  
[ 11-14 year school drop outs and 15-18 year school going]

Pregnant & lactating mothers  
Amruthahastham :10 pilot projects in district-hot, cooked food served – full meal per day –egg, milk(200 ml), green leafy veg, veg , dal  
Take home ration:- 3kg rice, dal 1 kg, oil 0.5 l  
IFA tablets given after every meal

## Issues:

**Delay in payment to cooks**  
**Improper delivery of ration**  
**Delay in payment to teachers**

0-5 year old children:

Balamrutham: 7 months to 3 year old – 2.5 kg packet every month – nutritious food

MDM : 3-6 year old – in anganwadi – serving hot cooked food – rice, veg, dal ,egg

Supervisory feeding: 0-5 year – fed every 2 hours

Adolescent girls: Sabla- take home ration – IFA tablets

# Sanitation

- Construction of IHHL – Rs. 12,000 will be given to beneficiary
- 100 % households have latrines
- Rarely can they use- no water
- Improper drainage facilities- sewage overflow- presence of pigs
- Community toilets – a solution
- Lot of garbage bags and plastic –seen throughout the village- awareness drive essential

A photograph of a weaver in a white shirt operating a powerloom in a textile mill. The loom is filled with bright orange threads. In the background, another loom with orange threads is visible, and a person in a blue shirt is partially seen. The setting is an industrial workshop with wooden beams and machinery.

# Condition of Weavers

- Powerloom major source of livelihood- tradition
- High incidence of suicides among weavers
- Poor working conditions- 12 hrs work – alternate day and night shift each week
- Loud Noise- psychological and behavioural disorders
- People resort to alcoholism
- Role of NGO in preventing suicides
- Old age people engaged in handloom

# MGNREGS

- A major wage employment scheme
- Many people are not aware of the scheme
- Some had not received the job cards
- Authorities complain that they don't have work to give
- Majority are powerloom workers- not required

# ADULT LITERACY

- Mission to educate adult members
- Done with help of NGO-Helping Hearts
- 142 males and 337 females registered under this programme
- Regular classes at 30 centres
- Educated youths take classes – no incentives are given

## Issues:

- No adequate infrastructure
- Mathematics can be taught
- Incentives to volunteers

A group of five people are seated together in what appears to be the interior of a train or a similar public transport vehicle. They are all smiling and looking towards the camera. The group consists of three men and two women. The man on the far left is wearing a blue and white striped shirt and glasses. The man next to him is wearing sunglasses and a dark shirt. The woman in the center is wearing a blue patterned top. The woman to her right is wearing a dark top. The man on the far right is wearing a white shirt and glasses. The background shows the interior of the vehicle with overhead handrails and a window.
